

### REMARKS

Claims 1-11 and 13-18 remain in this application. Claims 1, 13, 17 and 18 have been amended to clarify their language, as Applicants are concerned that the existing language “a source/drain electrode layer” might be unclear, and wish to adopt --a source electrode layer, a drain electrode layer-- instead. This change is believed to be clearly formal in nature, and does not affect the scope of any claim. Favorable reconsideration and allowance of the above application is respectfully requested.

Applicants respectfully request favorable reconsideration and early passage to issue of the present application.

Applicants’ undersigned attorney may be reached in our New York Office by telephone at (212) 218-2100. All correspondence should continue to be directed to our address listed below.

Respectfully submitted,
